

# PRIMO KNITS

*moda*

At a time when many of us are thinking about the quality, comfort and sustainability of our clothing, it's still a big decision whether to make tops, dresses and skirts for our daily wardrobes. Moda's Primo Knits are going to make the choice much easier with their silky, soft hand. Made with 50% cotton-45% Moda-5% Elastane, these 60" wide jersey knits can be machine washed and dried on low heat. The nine colors are versatile and beautiful, the challenge will be deciding which one to use first.
